

jardinico®
CARACTÈRE

JCP.101

Centerpost Push-Up

OWNER'S MANUAL

www.jardinicousa.com

IMPORTANT :

Please read this entire manual before installing or operating your umbrella.

DIAGRAM & PARTS LIST

- | | |
|---------------------------------|--|
| 1. Self-Locking Canopy Fastener | 7. Knobs (2) |
| 2. Canopy | 8. Internal Mast Stem (inside mast/included with base) |
| 3. Finial | 9. JCB101 Base with Wheels (sold separately) |
| 4. Rib | 10. Protective Cover |
| 5. Lower Hub | 11. Canopy Strap |
| 6. Center Pole | |

IMPORTANT :

Prior to assembly it is important to decide on the location of the umbrella.

- Allow ample height to avoid damage to your umbrella during assembly and usage.
- Choose a location that is level and sturdy.
- Avoid any sloping or soft ground.

IMPORTANT:

It is imperative to install the appropriate base weight. The minimum base weight recommended for the JCP101 is 100lbs.

ASSEMBLY INSTRUCTIONS

Two-person team is recommended for assembly

Installing Internal Stem onto JCB101 Base

1. Lay base on clean soft surface.
2. Remove top base plate from bottom base plate with wheels. Carefully turn base on side.
3. Install internal mast stem to the top of the bottom base plate by attaching (2) supplied countersunk bolts under bottom side of bottom base plate. Tighten using hexagon wrench. **NOTE:** Do not use power drill. May cause damage to base.
4. Carefully turn base upright. Slide top base plate over installed internal mast stem.

Installing Umbrella

1. Lay umbrella on soft clean surface. Attach finial to canopy structure.
2. Using a two-person team, carefully lift umbrella and insert bottom of center pole onto internal mast stem. **NOTE:** Carefully take note of holes on umbrella center pole and holes on internal mast stem. Holes must line up in order to install knobs.
3. Insert (2) knobs into the bottom of the center pole and thread knobs into internal mast stem until tightened.

You are now ready to operate your umbrella!

OPERATING INSTRUCTIONS

Remove all packaging from umbrella.

To Open Canopy

1. Remove the strap that holds the canopy structure to center pole when in the closed position. Take note of the "parachute" folding method used to fold the canopy when closed. (See page 4 to properly fold canopy.)
2. Slightly loosen arms. **CAUTION: NEVER FORCE THE ARMS.** If you experience any resistance, make sure all arms are freed manually to facilitate opening.
3. Push center hub up pole until it clicks into place at its fully open position.

To Close Canopy

1. Gently pull center hub down to unlock from pole. Guide center hub down pole until umbrella is fully closed.

To Properly Fold Canopy

The 100% solution dyed canopy will last longer if you fold it as it was packed and shipped. This technique is similar to the way a parachute is folded and is especially important when folding the canopy for seasonal storage or when left in the closed position for an extended period of time.

Using this technique at all times will significantly extend the life of the canopy.

1. When the canopy has been fully closed, stand in front of the canopy structure and begin the folding process by pulling out two panels opposite the center pole.
2. Once rolled tight, pull adjacent panels out one at a time and fold to the center, alternating sides until all the panels have been pulled out from the arms and folded into the center.
3. Wrap provided strap around canopy to secure.
4. When not in use, cover umbrella with provided protective cover.

MAINTENANCE:

MAINTAINING THE JARDINICO FRAME AND FITTINGS

1. Hose mast and frame with water periodically, more often if installation is in a salty or industrial environment.
2. Inspect the installation fittings, mount bolts, rib spacers, etc. on a regular basis and tighten if necessary.
3. Seaside and indoor pool use: Due to demands of both of these environments, Jardinico recommends weekly or biweekly cleaning with mild soap and water to remove the concentrated deposits and protect the powder coat finish.

MAINTAINING THE JARDINICO CANOPY FABRIC

1. Clean up spills and stains right away. Spills can be removed by using a clean absorbent cloth.
2. For general maintenance, use a soft brush to remove dust and dry soil. Wash down with clean, warm water (i.e., garden hose) every so often to avoid dirt becoming ingrained. Allow the fabric to air dry before closing the canopy.
3. If a thorough cleaning is necessary, sponge over the fabric using a mild soap solution (2% solution). Rinse well with plenty of water to remove all soap residue.
4. Never use detergents, cleaning fluids or solvents.
5. Please visit fabric website for more details: www.sunbrella.com
6. Use protective canopy cover during storage or when not in use.

SAFETY AND PRECAUTIONS:

1. To reduce risk of personal injury in which a person is injured or harmed, and/or damage to personal property, read and follow the Assembly Guide prior to assembling and operating umbrella and base.
2. Close and store the umbrella in windy conditions or when a storm approaches. Never allow the umbrella to flap in the wind; this could cause personal injury, damage to personal property, damage to umbrella and/or umbrella canopy.
3. Keep umbrella secured to umbrella base or mount at all times.
4. Do not leave open umbrella unattended. If damage occurs, this is not covered by the warranty.
5. When adjusting the umbrella, make sure that no person(s), item(s) or personal property are close to the umbrella. This is important to prevent injury or material damage.
6. Do not allow children to play on or with umbrella or umbrella base.
7. When adjusting or assembling the umbrella or umbrella base, make sure fingers, toes or any other parts of the body are clear from moving parts. Failing to do so may result in serious injury.

WARRANTY :

Jardinico® manufactures all its shade styles from the finest aluminum alloys to ensure the strength, durability, and integrity of each and every style. We pride ourselves as a totally vertical operation. This means that we manufacture and produce over 90% of the components used in our products from the raw state. We can monitor every stage of the manufacturing process and maintain a consistent level of quality.

Our goal is that each and every Jardinico style will exceed your expectations.

Our **Limited Warranty** is outlined below. **NOTE: Wind damage is not covered under any manufacturer's warranty.**

5 Year Limited Warranty includes the mast, boom, head fitting, elbow, center pole/sidepost, arms, ribs, top and bottom hub and stainless steel hardware only. If there is damage under the warranty, Jardinico will replace and/or repair any item listed in this category at its discretion. Labor charges are not covered under this limited warranty.

5 Year Limited Warranty covers the wheels, powder coat finish, rust and corrosion on all bases. If the powder coat finish flakes, bubbles, peels or loses color; Jardinico will re-finish or replace the defective base at its discretion. Normal wear and tear is not covered under this limited warranty. Labor charges are not covered under this limited warranty.

5 Year Limited Warranty applies to Sunbrella® furniture grade fabrics. Visit www.sunbrella.com for more details. Labor charges are not covered under this limited warranty.

1 Year Limited Warranty covers accessories and protective covers.

What is NOT covered:

Failure caused by unreasonable or abusive use, or failure caused by neglect of reasonable and necessary care, and any modification to product are not covered by this warranty.

Additionally, acts of nature (including but not limited to wind, hurricanes, tornadoes and storms) are not covered by this warranty.

Wind Damage:

Jardinico highly recommends that no umbrella, regardless of size or weight, ever be left unattended in the open position. In windy conditions, it is further recommended that umbrellas be closed, removed from their base, and stored, or laid horizontally. This will reduce the risk of damage to your umbrella, furniture, and other belongings or property. To ensure stability of your umbrella, please observe proper placement, and use sufficient base weight or permanent mount. Keep umbrella properly secured to umbrella base at all times. Thoroughly read and follow all provided instruction manuals.

WIND DAMAGE IS NOT COVERED UNDER OUR LIMITED WARRANTY.

(Warranty continued on next page)

WARRANTY :

Seaside and Indoor Pool Usage:

CAUTION: Seaside and indoor pool use, salt & chlorides can accumulate on the powder coat finish, leading to finish failure. Failure or neglect to make needed cleanings may cause paint to blister, and such failure will void limited warranty.

Irregularities in Production Process:

The possibility of "Irregularities" in the product surface may occur during the production process. However, these irregularities do not reduce the quality of the product. Jardinico monitors every stage of production to ensure a clean and consistent appearances on every part.

Rust:

Rust is a natural part of the aging process of all steel based materials and is therefore NOT considered a defect. Steel bases are designed to require minimum maintenance. Bases should be kept clean. Do not let dirt build up on the bases. Never leave bases standing in water. To keep your bases looking their best, you may wish to store them when not in use for an extended period of time.

It is our policy to continuously improve designs, materials and manufacturing methods in order to provide you with the finest products. Therefore, variations in specifications, materials, prices, styles and finishes may be made without notice.

Those filing warranty claims will be responsible for all shipping, handling, and freight charges on all claims to Jardinico in Baldwin Park, CA. All warranty claims must be submitted with the original proof of purchase, date of purchase, name of dealer, and the description of the damage. The Jardinico warranty is not transferable. Jardinico reserves the right to repair, replace, and/or redesign any product that is returned under a warranty claim.
